History of Reigate Manor

Built around 1780, Reigate Manor began life as a very substantial family house called 'The Brokes'. When put up for sale by the Woolley family in 1920, Dame Rebecca Inglis, a wealthy lady living in Beech Road, purchased the entire estate. She kept part of the land which fronted Beech Road and put the house back on the market in 1923, with the option of turning it into a hotel.

'The Brokes' was successfully sold and by May 1924 was operating as Brokes Hotel. During the Second World War the hotel was requisitioned to house troops, but after the war, the building was left in very poor condition with the contents either missing, damaged or destroyed.

It sold again in 1946, by Major Gordon to Mr J. Brand, for the significant purchase price of £30,000, which is thought more to do with the estate's development value rather than the hotel's value. During Brand's short period of ownership, the notorious 'Chalk Pit Murder' took place, the victim being the hotel's barman John McMMain Mudie. Although it had nothing to do with Mr Brand or the hotel, it adversely affected the hotel's post-war recovery.

From 1947 to 1999 the hotel sold several times more, with a name change each time – Wayside Manor, Reigate Hill Hotel, and finally to its name today, Reigate Manor.
